Flaviane Koti, Vera Young : Origami em Flor: Kusudamas, Guirlandas e Buques (Portuguese Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Origami em Flor: Kusudamas, Guirlandas e Buques (Portuguese Edition):

1 of 2 people found the following review helpful. "Origami em Flor"--a little bit different By becky l brown I became familiar with Flaviane Koti's origami on Pinterest and her website. So, I ordered the book and began to study Ms. Koti's style of folding. This book is challenging. I've found some of the projects to be too bulky after they are completed due to many unnecessary folds. It's a fairly interesting and challenging book for experienced folders who

are looking for a different style of origami. 1 of 2 people found the following review helpful. This book by MC Kaperwas arrived, but the pages 51, 52, 53 and 54 are upside down and are not cutting normally, so a part of the diagrams are missing, can I get a complete book? 0 of 0 people found the following review helpful. Intricate and beautiful flower globes by Dianne W. Over 50 gorgeous modular origami globes. The only issue for people who don't read Portuguese is that the instructions are in that language but the diagrams are given without words and are easy to follow and if you want to know what any of the Portuguese means well there are apps and websites that can help with that. Recommended.

Kusudamas, garlands, and bouquets has beautiful models in those categories, but also much, much more. There is also a wide variety of flowers, a vase, floral wreaths, a floral envelope, flower topped boxes, a floral bookmark, garden fairies, a floral lantern, and sachet packets over 50 models. Vibrant color photos, clear diagrams. Este livro tem lindos modelos e moldes de Kusudamas, guirlandas e buquês, e muito mais ainda. Há uma ampla variedade de flores, um vaso, arranjos florais, caixas, envelopes com flores, sachês, fadas de jardim e sachês, em mais de cinquenta formatos detalhados. Cores vibrantes e diagramas fáceis de seguir.
