4 of 4 people found the following review helpful. Four StarsBy Carol ScottVery nice simple beginner book.0 of 0 people found the following review helpful. Nice designs, but useless paperBy MJThe designs look lovely, but the paper isn't square. Non-square paper destroys one's ability to fold anything correctly in origami. (Also, for origami fans, the non-standard instructions are apparently annoying.)0 of 0 people found the following review helpful. good for a beginner (older child or adult)By EmilyThe instructions are short and clear, not overly wordy. The steps are shown with clear color photos. The actual instruction part of the books is fairly short, which is good because it doesn't seem overwhelming for a beginner. The bulk of the book is origami paper so you can get started right away.
