From Tuttle Publishing Staff : Origami Folding Paper Bright 5" 48 Sheets (Origami Paper Packs) before purchasing it in order to gage whether or not it would be worth my time, and all praised Origami Folding Paper Bright 5" 48 Sheets (Origami Paper Packs):

1 of 1 people found the following review helpful. Great for startersBy SamI got this and a basic origami book for my nephew because he likes to play with paper. I've never bought this sort of thing before but it's a great product for introduction to origami. 5"x5", beautiful and vibrant double-sided paper that folds easily but isn't super fragile like cheap wrapping paper. It smells slightly chemical when you first open it, but that dissipates quickly. \$2.75 for 48 sheets is a reasonable starter pack. Some color combos are teal/purple, lime green/lemon yellow, lime green/teal, magenta/orange and a few others, a total of at least 6 colors I believe. I didn't get to look at them in the best lighting.0 of 0 people found the following review helpful. Five StarsBy Sbree HillExactly what I expected0 of 0 people found the following review helpful.
