But they are the texture and

shine of newsprint paper. The colors are all similar shades which doesn't make much excitement in pairing colors. The prints are okay. The colors are almost muddy. The paper folds nicely and we like the various sizes. I just wish I had ordered some that had more vibrancy and variation. 1 of 1 people found the following review helpful. Prints are very pretty, have a faded type look to them. By Alanda Prints are very pretty, have a faded type look to them. They do have an odor to them when opening the box booklet has 4 designs with instructions how to make. Papers are 100 sheets each of 8 1/4, 6 3/4, 6 inch. Square papers. Nice kit esp if giving as a gift. We are using it to practice folding for wedding decorations and take home gifts for guests. For those we will be using washi paper which has more cloth like texture and little more effort to crease the folds but very bright and beautiful designs
