## **Rick Beech : Origami Handbook: The Classic Art of Paperfolding in Step-by-Step Contemporary Projects**

before purchasing it in order to gage whether or not it would be worth my time, and all praised Origami Handbook: The Classic Art of Paperfolding in Step-by-Step Contemporary Projects:

1 of 1 people found the following review helpful. this is the one to getBy Public name (required)You should probably know that this book is the same (has identical content to) all of the other books by rick beech. This is the best single origami textbook I've ever had. I really like the fact that the instructions feature photos which contain appropriate hand position to perform the folds. This is the version of the book to buy. standard size, and hard cover.3 of 3 people found the following review helpful. Great for NovicesBy ClaartjeThis book is: page for page: the same as Origami: 80 best-ever projects, also by Rick Beech.THE ORIGAMI HANDBOOK is great, with well set out step-by-step instructions that are clear and easy to understand.For those beyond the novice stage, it has intermediate to hard origami challenges.This is one of the best Origami books that I have ever used because of its easy layout and concise uncomplicated instructions for young and old and covers a wide range of origami designs.It also has a section on serviettes - which includes the pixie boot napkin.If you are going to start Origami, this book is a fantastic starting point.1 of 1 people found the following review helpful. Super book for creativityBy noel32My 9 year old son is loving

this book. He is making some of the most incredible pieces of origami. He tells me often how much he loves this book. So glad we purchased it for him!

80 delightful projects, 1,500+ photos - share the art of origami step-by-step. Scrap-bookers can get decorative ideas too.
