Yuri Shumakov, Katrin Shumakov : Origami Majestic Castle: Build Your Own Paper Kingdom (Origami Land) (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Origami Majestic Castle: Build Your Own Paper Kingdom (Origami Land) (Volume 1):

0 of 0 people found the following review helpful. Excellent Book with Great Detail By gubes I really enjoy all the books by these authors. The instructions are very clear, and the result is impressive. This one in particular is the beginning to your own Oriland, and you can expand on it through their other books. I recommend their Magic Ball Wonders as well.

Origami Majestic Castle opens the Origami Land Series by the Oriland authors and shows you how to build your own

magnificent Origami Castle of Oriland style! For more info and images on this book, visit http://www.oriland.com/store/books/origami_majestic_castle/main.php Become an origami architect and build your own Paper Kingdom with this majestic Castle as a centerpiece! Originally designed by Yuri and Katrin Shumakov in far 1997, this Castle is the main attraction of Oriville Kingdom of their Oriland exhibition. The Castle consists of 23 elements: bases, stands, walls, roofs, towers, lanterns, different accessories and more, and requires 382 separate pieces to be folded. It is a big enterprise for those with some experience in origami and the experts alike, so that the process and result will be very satisfying! On 90 full color pages, there are about 500 detailed step-by-step colorful vector diagrams with written instructions along with photos of the completed design that will guide you through folding all the elements of the Castle and the assembly process. The 'Paper Preparation' section offers recommendations on paper type, colors and size including indication of the size of the completed model. In general, the Castle is a complex design as it is a large-scale undertaking requiring much patience and time, however only a few elements are intermediate-complex level of folding and all other elements are simple and intermediate. No any glue, just clever paper engineering! Building this Castle is a lot of fun and you can do it with your friends and family! We hope you will enjoy this book, creating the Origami Majestic Castle and building your own Paper Kingdom! Happy folding!

About the Author Yuri and Katrin Shumakov - a stellar artist-duo, professional origami creators, who started their origami journey in France in 1989 and since then they unfold this art in a heretofore unseen way! They have created amazing paper world ORILAND with incredible fantasy Kingdoms that impress with rich detail of majestic castles, abundance of paper flora and busy life of little paper dwellers. Their newest kingdoms Toy-ronto and Albuquerque combine fantasy and reality together, presenting a whimsical artistic rendition of iconic sights of these cities. Another beautiful and elegant aspect of origami they brought to life is ORIBANA - a marriage of two Japanese arts: Origami and Ikebana. By combining these remarkable art-forms, in early 1990s Katrin and Yuri began to create paper flower arrangements in paper vases and thought up a distinctive name for it - Oribana. Since then they designed more than 50 charming oribana-compositions with a broad variety of origami flowers and vases. Being prolific origami authors they created more than a thousand of origami designs from simple forms and cute characters to complex dinosaurs' skeletons and architecture that all have a distinctive Oriland style. Psychologists by education, Katrin and Yuri have studied how origami helps children learn. Their Ph.D scientific work shows that by doing origami, children develop better use of both hands and that origami can improve creativity and intelligence in children ages 7 to 11. They believe that origami is "entertainment for the soul, gymnastics for the mind, and training for the hands." In 1999, Yuri and Katrin received the Silver Award in the ThinkQuest International Competition for their 'Travel to Oriland' website and it brought them and their team to Universal Studios Hollywood for the Award Ceremony! Their Oriland.com website became a winner of the Childnet Award that was given them in Paris, France. Both these projects were acknowledged as high quality creative, educational and fun websites for children and adults. Yuri and Katrin have written more than 30 origami books and instructional CDs, and their works have been exhibited in many countries including several venues in the United States, France, Spain and Canada. The Shumakovs also extend their artistic talents to the realm of photography and music. Katrin is a winner of the Toronto Photo Contest 2010. Yuri is enjoying music composing and sound design. They live in Toronto, Canada, love yoga and a healthy style of life.
