7 of 7 people found the following review helpful. Glossy finish, if you like it.By cmrs25The paper is glossy, which I didn't expect. So, when creases are deep, they get white. If you're making a crease as a guide, but don't intend to keep it folded in that position, don't sharpen the crease or it will turn white. I would've preferred a matte finish that doesn't turn the creases white when you sharpen them like with a bone folder.0 of 0 people found the following review helpful. I dont like the shine it has in certain lightBy CustomerThe paper has a gloss finish i wasn't expecting, I dont like the shine it has in certain light, really dillutes the colors. I had planned to color on top of the paper with colored

pencils for a collage but it's too glossy to accept the color. The cherry blossom patterns really weren't that impressive either. Was expecting small light and natural pink flowers but got huge flowers that didn't look like cherry blossoms at all. 0 of 0 people found the following review helpful.
