It feels like wrapping paper, slightly stiff, but not too shiny. I made cranes and lilies with it. They don't unfold quite as nice as softer paper, but the objects over-all look higher quality. The paper will better accommodate the simpler patterns provided with the packaging. Very bold fun colors for the polka-dots! 0 of 0 people found the following review helpful. Busy prints By JB Too busy for me will make great practice paper.! Two sided Prints are very bold, not something I would get again, but that's personal choice, I like the texture of the paper. I like Tuttle products the best. I see that there are some more traditional prints coming out from them in a few months from Tuttle. 3 of 3 people found the following review helpful.
