Great origami purchaseBy TwinyI ordered this origami paper for the three different sized patterned paper...the patterns are very pretty and have a pretty plain color on the reverse side...the book inside the box gives the origami techniques and directions for an angel, Frieberg dish, star form and Arlington box...Four stars (4 1/2 stars if that was a choice) because I wish there were more directions for making things in the book besides just four....1 of 1 people found the following review helpful. The papers are very beautiful. The only thing I had a problem with ...By Megan PlottThe papers are very beautiful. The only thing I had a problem with was that they have a tendency to rip a little at some of the fold if you fold them a lot. The other papers I bought at a store are thicker and don't rip as much, but I am new at origami so this might just be a me problem.3 of 3 people found the following review helpful.
