FUN FUN FUNBy moonVery generous with 48 sheets (not washi texture, but printed on shiny paper like the pages of the book, the prints are authentic vintage japanese prints. Though it is 6 3/4 inch squares and says small, alot of origamis comes less than 6"; so this is nice, and you get double sided (same print on both sides) with 8 patterns X 5 sheets each plus one pattern with 8 sheets so you get total 48 sheets. Leaflet shows how to make a balloon, peacock, box, swan, kimono, Well presented and easy to follow diagrams. Good for beginners.I bought several of the series and love them all. P.S. If you love authentic kimono or obi prints, "Origami Paper Kimono Patterns Large 8 1/4" is also available. But if you prefer folding with the colorful, flowery, modern prints with silver and golds, and/or prints on authentic washi papers, are selling them too.I think Tuttle Books put out a

great selection for us to enjoy origami!7 of 7 people found the following review helpful. Terrible!By lcThis paper is not good for origami. You can make sharp creases and the paper is a bit sturdy, HOWEVER, every crease cracks through the color so all the creases you make are white! I'll use it for practice folds - final models look awful, though.0 of 0 people found the following review helpful. Four StarsBy sally stimacNice paper.
