2 of 2 people found the following review helpful. Fine for practice By Loyce Carey Limited colors and patterns. I used them to teach origami so in this case they were perfect. 4 of 4 people found the following review helpful. too bright! By Ingrid The photo for this product (and other Tuttle origami papers) are misleading. The colors look fairly subdued, but they are anything but. These are *vivid* bright colors... not to my liking. This might be okay for a kid, but the look is wrong for traditional or artistic origami. Disappointing. 4 of 6 people found the following review helpful. Exactly what I was looking for! By SGamgee I was not sure what I would get in the mail and I was not able to trust any other sites (which are numerous). Very happy with the product (it was a gift).
