Diny van de Lustgraaf : Ornare: The All Occasion Book (Craft Special) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ornare: The All Occasion Book (Craft Special):

0 of 0 people found the following review helpful. Yes, You Can!!By L. EVANSEven if you have never tried this craft before, your designs will be oohed and ahhed over by everyone who looks at them. Super easy patterns that look very exquisite when completed.0 of 0 people found the following review helpful. but is still useful.By BmcdNot quite what I was looking for, but is still useful.1 of 1 people found the following review helpful. Good Basic InstructionsBy Gail HesselholtThis is a good book for those who are not familiar with ornare. It is detailed and specific and gives very

clear instructions. I would recommend it to others who are just starting with this craft.

Ornare (the paper pricking or piercing craft) has a new book of ideas and patterns. This book is a great collection of full patterns, examples and new ideas to make paper pierce cards, borders for scrap books, frames for pictures, home decor, Braille cards and more. The book contains 51 different patterns that will suit many different occasions from birthday to Christmas. The designs and pretty illustrations are a great source of inspiration and will give you countless ideas to make your family and friends happy with these elegant home-made cards. This is a very easy craft to do. The technique instructions are included in the book. A very fun craft for the whole family.
