I live and love the Desert Southwest, this book is one that remains on our coffee table for viewing by my family and any friends that stop in. Everyone that looks at this book is in awe by the beauty.This is one to buy for great outdoor design ideas.Love It!3 of 3 people found the following review helpful. excellent resourceBy M CainBeautiful photos, loaded with ideas. Loved the contents, but pages were missing (torn out) of the book purchased as 'like new'. that was disappointing.10 of 11 people found the following review helpful. Style and Substance for Southwest gardensBy A Customer"Martinson interviewed ... landscapers and designers and gleaned tips, examples and ideas on entertaining, creating a retreat, using low-maintenance materials and growing low-water-use plants. She also lists plants that attract hummingbirds and butterflies." - Arizona Republic

Finely crafted, artfully designed, and expertly written, Outdoor Style offers readers countless starting points for creating spaces that reflect personal style. So take some time out of your busy day, find your favorite outdoor space, and enjoy this book.
