Jeffrey B Snyder : Pacific Pottery (Benchmark Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pacific Pottery (Benchmark Series):

Over 500 color photographs, and an historical text present a beautiful overview of the ceramic table, kitchen, and artwares produced by California's Pacific Clay Products Company from the 1920s through the 1940s. The company's famous Hostessware serving pieces, known for their eye-catching solid colored glazes and streamlined forms, are prominently featured. Also provided are the history of this pottery firm, a review of the manufacturer's marks, a bibliography, and an index. Values accompany the photo captions.

About the Author Jeffrey B. Snyder is an experienced author and editor, specializing in the field of ceramics.
