review helpful. Wonderful book! By Porkie We got a book similar to this at the library, went to the store bought pots for several projects. We knew we needed the book longer than the library would allow, so we looked online saw this one also. The book arrived safe sound, in excellent condition and quickly. Thank you.

This book presents 100 decorative ideas and instruction for transforming ordinary clay pots into fun and decorative personalities. For both interior and exterior decor as well as holiday ornaments, these projects are adorable and simple to make. Small and large, fun, functional, and elegant, painted terra-cotta pots can add charm to any home or garden. The projects are simple and fun and require no prior artistic experience, just enthusiasm!
