About This Book: Easy to learn, low in cost, and requiring only minimal special equipment, painting ceramics is an increasingly popular way to recycle and redesign plain ceramics and china. Featuring a wide variety of step-by-step projects, this exciting new book is packed with original, stylish ideas using readily available paints in a variety of exciting colors. Painting Ceramics includes both contemporary and traditional designs, plus some faux paint effects. Highlights: Produced in association with Pebeo, brand-leading producers of ceramic paints with extensive international network of distributors. Easy to copy or trace templates provided for all projects. Projects for all levels of ability, including easy starter pieces. Variety of projects, styles, and sizes-something for everyone! Features large step-by-step photos with added close-up shots of detailed techniques. Includes inspirational photos with alternative designs. Provides a source list for products supplies. Will inspire confidence and creativity in the beginner. Plain "paintable" ceramic pieces are available in craft and home decor stores.
