Informational for more experienced not instructional for individuals wanting to learn something newBy Lisa J-ZLacks sufficient instructional steps and demonstrative pictures. Terms and methods are used throughout the book that I was not familiar with (still aren't, except by context). I feel no more prepared or inspired to start my own collage project.0 of 0 people found the following review helpful. I LOVE this bookBy The CatI am an art Novice with a capital N and am just beginning an art course in mixed media so I ordered several books to give me an idea of what I might create. I LOVE this book!!!! The instructions seem easy to follow, the ideas interesting, and the pictures of finished pieces are exciting. Once I get started I may revise my opinion about the instructions, but the rest of it will still be interesting and exciting.Well worth the money to me.0 of 0 people found the following review helpful. Five StarsBy CathyAn excellent volume billowing with adaptable ides and techniques. This would be my first choice again, as well.

How to use painting mediums such as acrylic, watercolor, oil paint, ink, tempera, and pastels in combination with glazes, gesso, wax, and other materials for use in collages, scrapbooks, memory boxes, photo albums, and individual art pieces For beginners to mixed-media painting as well as those who seek to expand their knowledge and skills with

new ideas, techniques, or combinations Each chapter features a different painting medium, exploring the ways it can be combined with other materials, and ends with spin-off suggestions that challenge the reader to continue exploring Includes a gallery of inspiring artwork from eight mixed-media artists and a list of resources for art materials
