Marti Jo's Coloring : Paisley Coloring Book Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Paisley Coloring Book Vol. 2:

9 of 9 people found the following review helpful. Paisley patterns, images on one side (blank backs).By E. CatoSingle sided (blank backs). This book has some fun to color images, if you like paisleys. Not all images are winners, but I feel that the majority of what is in this book are decent. The weight of the paper feels like a medium weight. See images for a sampling of what you'll find in this book.5 of 5 people found the following review helpful. Love These Designs!!!By maciemy favorite of the Brynn Summers books!a must buy!0 of 0 people found the following review helpful. 50 pictures that range from easy to medium in difficultyBy M. NawaraI've always had a thing for Paisleys, so when I was looking for a new color book this was a natural choice. It has 50 different designs that share a similar theme, but each one is original and theyre not repetitive. The pictures are not as detailed as some books -- most of the pictures range from easy to medium in difficulty.The pictures are printed on just one side of each page. The paper is a

medium weight --gel pens dont bleed through to the page underneath. The pages are not perforated so tearing them out is difficult. This has become one of my favorite books -- I will definitely order more color books from this publisher.

"Five Stars - Vicki B. Volume 2 features 50 new paisley and paisley-inspired images and each is printed on its own page!
