Virginia Lindsay : Pajaritos de tela: 18 proyectos sencillos para coser y mimar (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pajaritos de tela: 18 proyectos sencillos para coser y mimar (Spanish Edition):

Most crafters are guaranteed to have a stash of lovingly collected fabric scraps hoarded away in anticipation of the perfect project. However, in reality, many crafters need inspiration as to what they can actually make with these pieces of fabric, and end up watching guiltily as their stash grows ever larger and more disorganized. Providing the perfect solution to the common crafters complaint 'what can I do with my stash?!' Pajaritos de tela offers creative inspiration

and easy-to-follow tutorials that are suitable for sewers of all levels. Crafters will fall in love with the charmingly simple illustrations. A selection of standard pattern templates is included at the back of the book, providing readers with a valuable additional resource.

About the Author Virginia Lindsay is the creator of the company Gingercake Patterns and author of the blog Gingercakes. She is also the author of Sewing to Sell.
