It is truly beautiful and amazing... especially the arrangement with the bird of paradise. I bought one of these for my 86 year old aunt, and since she no longer wants to deal with live flowers, it worked out very well for her. She loves it and cannot wait to show her friends at the senior center. There are green elastic straps attached to the covers so each arrangement can be held open for display. This item would be perfect for someone in a nursing facility or hospital as most no longer allow fresh flowers. Keep in mind that these books sometimes need to be "teased" into submission (to pop up correctly). They are sometimes glued together where they should not be or not glued where they ought to be. I order many of these and find that it is a good idea to go through each one before presenting it as a

gift. I purchased six different ones this Christmas and only one was perfect but all the others were perfect with just a little help. 0 of 0 people found the following review helpful. Stunning and remarkable! By Customer This pop-up book is stunning! I saw it in the gift shop of our art museum for \$40, and decided to look online. 's price is almost 50% less! I purchased for both my mom (avid pop-up book fan) and my mother-in-law for Mother's Day! My mother-in-law lives in a large and upscale senior living community, in a happening city. Word of mouth spread quickly on this amazing book! People were coming from near and far asking her if they could see it! It's that gorgeous and remarkable! Needless to say my mom was over the moon about it, as well! Both of these individuals happen to be seniors. However, this is truly a book for all ages! If you purchase it, you will not be disappointed! 3 of 3 people found the following review helpful. Beautiful Flower Bouquets! By RedPandaGal I bought five of these paper blossom books. I'm very pleased and happy with these Ray Marshall books. The colors, patterns, cuts of these paper flower arrangements just amaze me. I also like the diversity of the five flower arrangements - ranging from Hawaiian, tropical, Asian, Victorian England, etc. feel. You can stare in awe at the details of these paper blossom bouquets for a long period of time. I recently gave this book as part of a birthday present to my co-worker, and she really loved the book (she loves flowers and making cards). I love pop-up books because I'm always fascinated by all the time and details pop-up book artists put into their work. I'm so very thankful that Ray Marshall made this book. This book is absolutely one of the best things to give as a gift. It's something that lasts forever. This book is better than a card and it's better than dealing with the waste and guilt of having dead flowers. I truly can't think of any household that wouldn't put this book to good decorative use. This book definitely gets people's attention. When I gave this book to my co-worker, this book stopped my boss in her tracks, and she asked, "What's that?" All of Ray Marshall's paper blossom bouquets caught her attention, and she thought it was a good idea as well. I'm happy with the size of the book and flower arrangements. And I like how the elastic holder keeps the pages and book protected. This book is a conversation starter, and is elegant, beautiful, unique, and different. It's definitely a keepsake book that belongs with all your photo albums. Like I said before, this book is such a great concept. I'm so happy that someone like Ray Marshall was able to turn this idea and book into a reality for all of us to appreciate and enjoy. I really don't know how Ray Marshall is going to top this book, but I'm looking forward to any future work from this man!

Flower delivery! Featuring five amazing pop-up bouquets, Paper Blossoms brings floral cheer to any room. Display any of the bouquets a garland of roses, a tropical arrangement, a lotus watergarden, a springtime bouquet, or a vase of lilies as a beautiful centerpiece or room accent. A triumph of pop-up artistry and a sure conversation-starter, these bouquets burst forth with color, joy, and lasting beauty.
