**Duy Nguyen, Soonboke Smith : Paper Creations: Christmas Origami Book Gift Set** before purchasing it in order to gage whether or not it would be worth my time, and all praised Paper Creations: Christmas Origami Book Gift Set:

0 of 0 people found the following review helpful. Three Stars By M. Hines Hard for younger kids. 11 of 11 people found the following review helpful. If you get one good item, it's worth it, right? By DonB! I did not purchase this book/kit from , but felt I should give it a review for others. It was on sale at my local B\*\*\*\*r's Books after Christmas, and I felt that for \$3.00 I couldn't go wrong for the book AND a good supply of paper. Origami "purists" will probably not like this book much, as many of the figures are made from multiple pieces of paper, some of which have to be cut, slit, trimmed, etc. I did learn one of my favorite origami boxes from it however, named the "Gift Box". What makes this box so unusual to me is that when assembled (from 6 pieces) it looks as if there are ribbons running around the entire box, sealing it up. For the origami folders that like simple, but ornate, this could become a favorite box. If I could post a photo somehow, I would, as I look at the box each morning and smile at it's uniqueness. So, if my \$3.00 only taught me this one box, then I received my money's worth. Other items taught include "Tricolor Gift Box", "Picture Frame", "Pine Tree", "Swan Box", "Santa Claus", "Reindeer" and an "Angel". My final comment: Buy this one while it is on sale. It is a good deal.

Open this box for a celebration of Christmas and creativity! Featuring a charming all-in-color project book designed to brighten the holiday season, 50 sheets of festively patterned 6" x 6" origami paper, and one completed miniature tree, it's the fun, all-in-one way to make unique ornaments, decorations, and presents. Christmas Origami explains all the basic folds and forms up front, and offers 80 pages of seasonal ideas to try, including a gift box, picture frame, snowman, Kris Kringle, reindeer, and sleigh. Make them using the paper adorned with twinkling balls, tiny Santa faces, snowflakes, and wreaths. Anyone can master the techniques, and it won't be long before you realize that crafting and Christmas go hand-in-hand!
