Marc Hagan-Guirey : Paper Dandy's Horrorgami: 20 Gruesome Scenes to Cut and Fold before purchasing it in order to gage whether or not it would be worth my time, and all praised Paper Dandy's Horrorgami: 20 Gruesome Scenes to Cut and Fold:

2 of 2 people found the following review helpful. These are pretty challenging, but beautifulBy K. LindemanThese are pretty challenging, but beautiful! Instructions in the book could be a little clearer, and having the actual stencil pages be easily-removable (ie, perforated edges) would have helped a lot.Overall though, fun and interesting! Keep in mind that you'll need some extra supplies to do ANY of these scenes! Most importantly: an X-Acto knife with replacement blades, and a "self-healing" paper cutting mat. You can pick those items up at pretty much any craft or scrapbooking store...or here on .1 of 1 people found the following review helpful. Unique book!By Jessica YThis is the coolest little book (it actually has more designs than I thought). Really wonderful artistic horror-origami, I must say. The actual origami itself is quite easy for most of the designs. Some take some patience and I wouldn't say this is for children- more for teens and adults. I highly recommend it, especially for Halloween and all things spooky lovers.0 of 0 people found the following review helpful. ... and every design is exactly in the genre I love. The 80's horror housesBy Erin Legends ProductionsI follow Paperdandy on instagram and every detail and every design is exactly in the genre I love.

The 80's horror houses, the irish legends, each page and each description were highly enjoyable to find. and the cutting was great fun too. Please release another one soon. Id love to see a dark crystal, Ladyrinth, Masters of the universe gami.

Paper Dandy's Horrorgami features 20 kirigami (cut-and-fold) designs based around haunted houses and scenes from horror films by the creator of the successful Horrorgami blog and exhibition. Each project features step-by-step instructions and a template that you remove from the book. You then follow the lines on the template, cutting and folding to make your own kirigami model. All you need is a scalpel, a cutting mat and a ruler. Clear cutting tips help you with the tricky stages and give you an order in which to complete your work, while photos of the finished model show you the final design. Suitable for folding experts and beginners alike, Paper Dandy's Horrorgami makes the perfect Halloween activity.

About the Author Marc Hagan-Guirey is a kirigami paper artist and design director. In 2012 his solo exhibition based around 13 kirigami sculptures attracted attention from BBC, Wired and Creative . His kirigami commissions for both private and commercial clients include pieces for Samsung Galaxy, Procter Gamble and Decorex International.
