I held off giving it to my daughter for a while though because my AR wouldn't let me watch her try to cut them out. Careful, sometimes precise, cutting is going to be needed for everything to fit together.0 of 0 people found the following review helpful. With no gimmicks, materials, techniques, or tools required (except for a pair of scissors), you can create your very own fashion parade with this lavish collection of outfits and accessories. See how clothes have changed over time, from the fashions of Ancient Egypt and Rome, to the flamboyant finery of Elizabethan dress to the more recent fashions of the sixties, seventies, and eighties. Simply cut out the two dolls and their stands and then you are ready to start cutting out the different outfits. Each costume has tabs to hold in place on the doll. In addition there are two pages of fun accessories stickers so you can complete the outfits with shoes, bags, and headpieces. Now youre ready to go!
