**Primrose Paper Arts : Paper: Handmade Style** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Paper: Handmade Style:

3 of 3 people found the following review helpful. paper paperBy Ingrid I. Rozei love paper and enjoy exploring all its uses, its creative potential, its almost miraculous nature (get the idea?). in any case, this book may not be THE best book i have seen on the topic on paper, but it does rank among the top. It presents a variety of ideas and good instructions forming the basis for further explorations in paper. it gives enough to inspire the pursuing of further explorations. It has instructions for making paper and then for what to do with the paper made-mostly books, albums, journals, etc. good work..[ also try this book, among many others- ASIN:1906155585 Paper: Tear, Fold, Rip, Crease, Cut]]2 of 2 people found the following review helpful. Handmade paper booksBy Janette MacgregorThankyou very much for the recent edition of Handmade Style which arrived in excellent condition and I haven,t stopped looking at it. It is such an informative book, not only teaching you how to make the paper but also has great ideas for binding and decorating books. I live in Australia and this book is Australian but I was unable to locate it here and could only get a copy from .2 of 3 people found the following review helpful. great inspiration for a project with simple materialsBy luedartI always like to create with paper in more than the conventional 2-D format. This simple book inspires, encourages, and reminds you that the best things are made by hand.

Tear into 27 fresh, contemporary paper projects including how to make your own beautiful paper using recycled materials and plant fibers! Each project has been thoughtfully designed by members of the Primrose Paper Arts, a group of teaching and exhibiting papermakers and bookbinders based in Sydney, Australia. Step-by-step instructions and illustrations guide you through the process of making your own paper including embossed, embedded, laminated, and other embellished varieties. What to do with your newly crafted paper? No worries there are projects incorporating handmade (and store-bought) papers to make envelopes, cards, folders, hand-bound books, framed paper artworks and wall-hangings. This isn't your grandma's craft book! Paper is hip and contemporary, filled with stylish photographs and modern projects for today's craft mavens.
