Esther Thorpe : Paper Home: Beautifully Unique Origami Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Paper Home: Beautifully Unique Origami Projects:

0 of 0 people found the following review helpful. Well worth the price for the beginning origami folderBy K. HenschellLove this clearly written and well photographed book. Love the way the page layouts are so simple and artistic. Not too overwhelming for the beginner. I wish the author had used traditional origami notation along with her concise and clear explanations of each step, but nevertheless each step of a project was easily understood. I bought it simply for the lampshade project and the mobile hanging cube and triangle project. Even though my skills are intermediate, I loved the clarity and beauty of the two projects that I created.3 of 3 people found the following review helpful. This book was a disappointment. There isn't very much in it to begin ...By H. W. KroegerThis book was a disappointment. There isn't very much in it to begin with and what is presented is hardly new, original or innovative. Almost every project can be found in numerous other popular books on origami.

Make 15 stunning origami projects for your home! Although rooted in traditional shapes and techniques, Esther Thorpes origami designs have an altogether modern and beautifully graphic aesthetic. Her striking items appear more intricate than they actually are, and are perfect for easing novices into the craft and building their skills. Featuring 15 projects of varying levels of difficulty, Thorpes richly illustrated first book includes everything from a simple Triangular Box and Star Garland to a vase using sonobe origami modules; a childs mobile; a set of feltigami storage baskets, and an incredibly impressive concertina lampshade.

About the Author Esther Thorpe is an avid origami fan and specializes in multi-modular origami creations. With a background in both graphic design and teaching primary-aged children, Esther also enjoys teaching origami workshops. She sells handmade and bespoke origami masterpieces from her website origamiest.co.uk.
