Maggie Grey, Jane Wild : Paper, Metal Stitch before purchasing it in order to gage whether or not it would be worth my time, and all praised Paper, Metal Stitch:

5 of 5 people found the following review helpful. This book is TEN stars! By Booklover Artists of all kinds: painters, designers, mixed media, jewelers should have this book in their library. It is an absolute wealth of information and beautiful ideas which can be utilized by any artist or creative craftsperson. I keep it out and just read it for pleasure as well as using it as a resource. One of the very best books for artists. 0 of 0 people found the following review helpful. Texture greats By color gal Terrific ideas for creating new textures with simple items that you already have in your studio. I tried two th first weekend and was hooked. There are so many ideas I want to try. Some have instructions that are easy to follow and some are just inspirational. 0 of 0 people found the following review helpful. Four Stars By Lyn Govette Interesting examples to work with

Textile artists eagerly continue to explore new and exciting surfaces for their work, and paper and metal are among the

most popular materials for adding color and texture to stitched pieces. Incorporating everything from cut, molded, and shaped handmade papers to glittering meshes, wires, and coils, this essential collection created by two world-class artists and authors offers great suggestions for producing books, panels, icons, frames, and more. Just bring your enthusiasm and a swing-needle sewing machine!

"Buy this book and be inspired; your needlework will never be the same." -- "Needlepoint Now" About the Author Maggie Grey is the author of several books, including *Textile Translations* (D4Daisy Books) and *Raising the Surface with Machine Embroidery* (Batsford). She is the former editor of *The World of Embroidery* magazine and now runs *Workshop On The Web*. She lives in Ferndown, Dorset, UK.
