notemplates, but there is a beginner's section which has simple examples. Detailed instructions are given for all the examples. I, at first, found that I was confused because no paper lengths were given. But I soon discovered that I could estimate the length of paper needed fairly easily. There is a very simple rabbit, a more complicated red horse, a crane to die for, and a wedding of rats which is so funny. If you love quilling and want to get beyond the roll a few coils, pinch them, and, presto, you have a flower, this is a very good book. It may seem intimidating at first, but do NOT despair. I'm way past retirement age and my hands shake a little. This book has given me a new way of looking at quilling and I love it. 11 of 12 people found the following review helpful. One of the best quilling books! By Ginny This book is definitely worth buying. It shows a lot of different techniques that I wasn't familiar with and I am excited to try them! 1 of 1 people found the following review helpful. Lovely, but. By GDI really liked the book, but the picture of the cats and the lovely gold fish do not have instructions as to how to make them. They ARE the two main things I would have wanted to make.

Paper quilling, a classic papercraft art that creates designs using paper strips in clever, inventive ways, gets an Asian flavor in *Paper Quilling Chinese Style*. Sure to delight the myriad and diverse group of crafters who have fallen in love with quilling, this lovely book uses traditional Chinese arts to create an array of paper quilling projects with a distinctly Chinese design. A flexible and limitless art form, paper quilling allows so much individual expression that it has attracted fans around the world. Showcasing bold and inventive use of color, composition and traditional symbols, this book is sure to bring a new level of depth and beauty to your work. With simple tools and materials easily found at most craft stores, you will be able to explore the boundaries of Western handicraft and traditional Chinese culture, and your own creativity!

About the Author Born in 1948, Zhu Liqun is a senior Master of Arts and Crafts, a member of the Shanghai Society for the Study of Folk Literature and Art, a member of the Shanghai Arts and Crafts Association, and director of the Paper Art Professional Committee. Working in art and industrial design for over 30 years, he has won awards at large art design contests in China many times. The Zhu Liqun Paper Art Museum, formally launched in June 2010 in Shanghai, displays thousands of works of paper art including furniture, lamps, sculpture, decorative carvings in relief, and human figures designed and created by Zhu Liqun and his team over ten years. This has led to the growth and spread of paper art to other fields.
