Craig Buck K4IA : Pass Your Amateur Radio Extra Class Test - The Easy Way before purchasing it in order to gage whether or not it would be worth my time, and all praised Pass Your Amateur Radio Extra Class Test - The Easy Way:

2 of 2 people found the following review helpful. This is a great test prep book.By Sting JUsed a Craig Buck book like this for my General test and found it a great help in preparing for the test. You certainly should read the official ARRL book for more complete coverage and understanding of the material. But this book is direct and efficient delivery of

what you need to know to pass the test. 2 of 2 people found the following review helpful. GoodBy Cory Goodall Helped me pass my extra 2 of 2 people found the following review helpful. The best learning tool By Customer This book helped me get a 100% score on the Extra exam after a few weeks prep. This is the best approach that I've ever seen to learning the material and passing the exam.

Amateur radio license tests are multiple-choice with three wrong answers and one right answer for each question. Traditional test-prep materials go through the questions and all the possible answers. For the Extra test, you see 712 questions and 2,848 answers but 2,136 answers are wrong! Why be confused and frustrated studying three wrong answers for every one right answer? Pass Your Amateur Radio Extra Class Test The Easy Way is different. The focus is on the right answers and only the right answers. This is especially important on the Extra Class test because there are so many questions, lots of which can only be answered by remembering. The book is in two parts. The first explains the concepts covering every single test question with hints and cheats to help you recognize the correct answer. The second part is a condensed Quick Summary with only the questions and correct answers, again with hints and cheats. Since you never see the wrong answers, the correct answers will pop out when you take the test. You learn to recognize, not memorize, the right answer. It couldn't be easier!

About the Author Buck, as he is known on the air, was first licensed in the mid-sixties as a young teenager. Today, he holds an Amateur Extra Class Radio License. Buck is an active instructor and a Volunteer Examiner. The Rappahannock Valley Amateur Radio Club named him Elmer (Trainer) of the Year three times. He has successfully led many students through this material. Buck has earned the DXCC Honor Roll and achieved 8BDXCC.
