Steve Biddle, Megumi Biddle : Pebble Pets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pebble Pets:

6 of 6 people found the following review helpful. Fun and Unusual New Craft By Eileen M. Carlson Pebble Pets provides a look at a new craft requiring few materials but a lot of imagination and talent. This book shows the craftsman how to turn smooth pebbles, handmade paper and paints into charming, endearing figures of animals in poses. Although the craft is not a simple one, it is shown step by step in this book to give the reader a good idea of how to obtain good results. It would be good to know up front that the craft requires handmade paper to achieve the results depicted in the book. Handmade paper makes the craft less affordable and a tad more difficult than one might originally think. The projects shown in the book, though, are definitely worth the effort. The animals are adorable and lifelike and sure to be a hit with anybody who might receive them as a gift. This is the most innovative new paper craft I've seen in a long time. The animals don't always work out the first time, but they are fun to try and even in practice, I

learn something new about them every time! Give them a try. Doesn't everybody need something to do with those rocks the kids bring home from vacation!0 of 0 people found the following review helpful. Five StarsBy Karen Keenegreat book fast ship0 of 0 people found the following review helpful. Four StarsBy MaxxCeegreat activitie book , keeps kids creative great out come,

Pebble Pets features a unique collection of delightful rock animal designs that are packed with personality, making them the perfect desktop companion. The 30 loveable creatures are created with easy techniques including layering rocks with paper, molding details out of modeling clay and creating faux fur. Plus, cute accessory projects accompany the pets, including collars, bones, dishes and beds. The easy-to-follow techniques and clear step-by-step instructions combined with adorable photography make it hard to resist these newfound friends.

About the AuthorSteve and Megumi Biddle are the authors of Paper Fold It, Paper Creations, Cards and Gifts and Making Handmade Flowers. Megumi is a talented and award-winning graphic artist, designer and illustrator. Steve is a member of the Magic Circle, and both he and Megumi are corporate entertainers.
