Angie Grace : Peppy (Angie's Patterns Volume 12) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Peppy (Angie's Patterns Volume 12):

7 of 7 people found the following review helpful. Wonderfully complicated By Danielle L Angie's designs are the best and she has so many books that have different themes. Peppy is my 2nd favorite (Flowers being my 1st) with it's sophisticated and complicated designs. I love the repetition of the pattern and how you can use the same colors throughout or you can switch it around. Sometimes I copy the page before coloring so that I can color the same design again in a complete different way. This publisher has decided to use quality paper that does not bleed through with markers and each page has a design on the front and none on the back so you're not stuck choosing which one you want to color more because the other will ultimately be ruined by color bleed-through. These really help me de-stress from work and also allow me to color if I'm too tired or not inspired that moment to design my mandalas. 5 of 5 people found the following review helpful. Smaller By Tnafbrat Though smaller than the earlier Angie Grace design books, this book has great designs many with more intricate detail that makes having super fine point markers handy. Nice paper, printed only on one side and a few blank sheets at the back that are perfect to use as backing to prevent bleed through. 0 of 0 people found the following review helpful. GREAT and intricate for gel pen users By L. Rocksvold I love Angie Grace's coloring books in general -- super for those of us gel pen lovers. Most adult coloring books have big open spaces that are fine for colored pencils, crayons or markers but take up way too much gel ink. Angies are both intricate and somewhat open - ideal for me. Pattern artist Angie Grace brings you 50 delightfully detailed original coloring patterns suitable for adults and older children. In this volume you'll find fantastically fun twists, tangles, twining twirls and bobbly bangles, all presented in Angie's unique and whimsical pattern art style. Artwork is printed on one side of the page only and has been drawn with marker artists and colored pencil fans in mind. (Crayon artists, keep your sharpener handy - or visit Angie's author page to find her special edition Peppy companion books that contain drawings sized perfectly for crayons and wide tipped markers.)
