Marianne Binetti : Perennials for Washington and Oregon before purchasing it in order to gage whether or not it would be worth my time, and all praised Perennials for Washington and Oregon:

2 of 2 people found the following review helpful. good reference book with nice picturesBy TAdelmanngreat reference book, nice pics.3 of 3 people found the following review helpful. Excellent resource for my garden libraryBy Susan J. MercerI checked this book out from my local library and it had so much valuable information for my area and

growing perennials that I ordered it for myself. What a great help! If you grow perennials and live in Oregon or Washington or a similar area, this book will be of immense help. 3 of 4 people found the following review helpful.
Good Book for PNW By L. Payne It is informative on what perennials work well in the PNW and what extra care you need to know about them to make gardening a success.

Gardening can be easy, successful and enjoyable with this gardening guide at your fingertips. Featuring 434 perennials grouped in 95 entries, this book includes planting tips, blooming periods and light, water and nutrient needs, plus information on choosing plants for specific sites and conditions. Beautifully illustrated with 537 color photographs, this guide also includes a comprehensive plant information chart. The authors share their common-sense and practical wisdom to meet the unique challenges on the climate and soil conditions of the Northwest.

It's the ideal book for Northwest gardeners without a lot of time to do research on the best choices. Readers will discover gems by reading everything. And in a stroke of genius, there's a pictorial index. --Everett Herald
About the Author
MARIANNE BINETTI reaches over a million readers each week in the Seattle Post-Intelligencer with her syndicated garden column, which also is carried in 20 newspapers across Washington State. She contributes to several national magazines, including Better Homes and Gardens, Woman's Day and Flower and Garden. Marianne's light-hearted approach to gardening appeals to television and radio audiences as well. She has made a number of guest appearances on HGTV, the Discovery Channel and Gardening in America with Ed Hume. Marianne also is a popular speaker at garden centers and before horticulture societies throughout Washington and Oregon.
ALISON BECK has been gardening since she was a child. Author of almost two dozen books on gardening, she showcases her talent for practical advice and her passion for gardening. Alison has a diploma in horticultural technology as well as a degree in creative writing.
