From Dover Publications : Picture Sourcebook for Collage and Decoupage (Dover Pictorial Archives) before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture Sourcebook for Collage and Decoupage (Dover Pictorial Archives):

2 of 2 people found the following review helpful. Despite the cover, there are no color illustrationsBy Kathryn E. EtierThere are a limited number of illustrations in this book for the type of work I do, although I did not expect that I would be using them all, and everything is black and white. The nice thing about that is if you hand color (I used colored pencils) the pictures you, get to choose your colors and the intensity of the colors. That works well for me, because I am not looking to produce things that look like everyone else's. Combining the pictures into collages also

offers an opportunity for one-of-a-kind results. 1 of 1 people found the following review helpful. Picture Sourcebook
Review By K. Pound This is a great book for collage artists. There are lots of images to play around with and the paper is high quality. Be aware that this book is meant to have pictures cut out of it so if you are buying a used copy like I did there may be some missing pictures. 0 of 0 people found the following review helpful. Five Stars By Customer Great variety of pictures, some colored.

317 strange cuts (mostly 19th century), 45 color illustrations, 25 full-page scenic backgrounds all printed on one side of a page for easy use. Birds, odd buildings, horses, early scientific equipment, strange inventions, dolls, monsters, baboons, statues, trunks, electric chair, crocodiles, dancers, idols much else. Instructions for decoupage, collage.
