David Petty : Planar Modular Origami before purchasing it in order to gauge whether or not it would be worth my time, and all praised Planar Modular Origami:

2 of 2 people found the following review helpful. Creative ideas that appear easy to make. By Speach60 Lots of ideas and they seem pretty easy to make. I haven't had time to make any of the models yet, but I have looked through the book, deciding on which ones I want to make. Creative ideas, easy to make, and the instructions seem pretty straightforward. Not a thick book, but a lot of models for its size.

Whether you are a beginner or a seasoned folder of modular designs you will be inspired and delighted by the wealth

of designs on offer in this lavishly illustrated volume. Some designs are also suitable for the Christmas season with some amazing baubles and tree toppers. 42 Modular designs from Mick Guy, Ian Harrison, Ushio Ikegima, Satoshi Kamiya, Daniel Kwan, Tung Ken Lam, Robert Lang, Mark Leonard, Jeannine Mosley, Meenkishi Mukhopadhyay (Mukerji), Francis Ow, David Petty, Nick Robinson and Ed Sullivan.
