**Lesley Bremness : Pocket Garden Herbs (American Horticultural Society Practical Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pocket Garden Herbs (American Horticultural Society Practical Guides):

0 of 0 people found the following review helpful. I knew what I was getting when I ordered this ...By Karen I knew what I was getting when I ordered this book, it was a book I was looking for. 0 of 0 people found the following review helpful. ... have grown and used herbs for many years and love Lesley Bremness books By Rose K. I have grown and used herbs for many years and love Lesley Bremness books, of which I have several. This pocket book is perfect to

carry on a shopping trip, very good guide, especially for someone new to buying herb plants. 6 of 6 people found the following review helpful. Buy this one first! By Susan C. Parks Getting started in garden herbs? This is the book to start with. It is amazing how much useful information is found in this pocket sized book which will fit in your pocket or purse. The catalogue of herbs has all the basics, plus and gives what you need, with photos, to do well with these herbs. The Guide to Growing is succinct and helpful. I have a number of books re: herbs and this is the one I recommend for starters. You won't fail to grow herbs with this in your pocket.

25 of the most useful herbs features expert guidance on growing, propagating, harvesting and preserving.
