**From Brand: Hearst : Popular Mechanics 101 Things That Go Fast: Planes, Trains and Automobiles You can Make and Ride** before purchasing it in order to gage whether or not it would be worth my time, and all praised Popular Mechanics 101 Things That Go Fast: Planes, Trains and Automobiles You can Make and Ride:

0 of 0 people found the following review helpful. Five StarsBy Louie CampbellA++1 of 1 people found the following review helpful. The book was a disapointment as it did not have ...By CustomerThe book was a disapointment as it did not have the side walk scooter that was illustrated on the cover and the plans for any of the projects were all 1940's stuff.1 of 1 people found the following review helpful. Got me remembering what it was like to be a kid at heart...By Julie KayeThis is a great book. It has blueprint images and instructions on how to make old wooden toy cars, roller coasters. It also has great illustrations and descriptions of each item. I could sit and look at this all day, and if I was

still a kid, it'd make me want to dream up my dream fort or castle. You probably want to have a big yard if you buy this book and enjoy woodworking and engineering.

These 101 classic projects from the pages of Popular Mechanics will bring out the kid in everyone! Go full speed ahead with these wonderful things to build, from a Motor Car, Motorcycle-powered Catamaran, and Ferris Wheel to a Spring-propelled Toy Steam Engine and an entire Electric-Locomotive Model and Track System. You'll find Aquatic Pursuits; Winter Sports; and Backyard Shenanigans; as well as great Go-Go Gadgets and Games. And now the beautiful vintage illustrations that readers love appear in glorious full color, showcased in an oversize hardcover.
