With Portable Playhouse Sets in Plastic Canvas from Leisure Arts, kids can let their imaginations run free. Four cute sets by Meagan Glaser include Cottage, Barn, Castle, and Burger Shop. Each set includes a box-like exterior building and an interior section that lifts out and has furniture and other accessories; the scenes can be brought to life when kids add their favorite toy people and animals. Removable roofs let the playhouses be packed up to hold all their pieces neatly inside for traveling or storage. The designs are stitched on 7-mesh plastic canvas with medium weight yarn.

About the Author Meagan Glaser enjoys designing playful items and toys. I'm basically using my resources as an adult to pretend to be a kid, she says. I enjoy making as many things as possible, so I've become at least beginner-level proficient in crochet, knitting, cross-stitch, needlepoint, plastic canvas, soap crafting, and watercolor, among other things. Her Leisure Arts books include #6732 Portable Playhouse Sets and #4547 Crochet Your Cares Away (with a hamburger hat and other zany projects).
