George Sifounios, Efthymios Sifounios : Pottery for Beginners: The Art of Wheel Throwing before purchasing it in order to gage whether or not it would be worth my time, and all praised Pottery for Beginners: The Art of Wheel Throwing:

1 of 1 people found the following review helpful. Makes art of pottery becomes a hobby at first sight!By Emanuel M. EvangelouWell-written and detailed-oriented book that makes the art of pottery a hobby at first sight! This book is coming from an author with many years of experience and his story tells it all! Anazing details, step-by-step

instructions on how to make pottery, I could have not ask for anything more from this book. This is a prime source of knowledge for Beginners with useful links to videos published by the author himself. What else could someone ask for who would like to learn pottery. This is a must buy if you are seriously interested in pottery. You just cannot go wrong! Bravo to George and Efthymios Sifounios! This book is a true masterpiece!!0 of 0 people found the following review helpful. A great book for beginners and Advanced Potters!By jonathanFrom my standpoint as an intermediate Potter, this is what you call an exhaustive discuss of a topic. The author is no doubt a veteran potter, and he put his many years of experience in this little book. So there is a lot of information crammed into its pages. It covers just about everything you may need or want to know about pottery from its history to the various styles of pottery, to the problems that you could encounter while learning and making pottery. Interestingly it guides you through the process of selecting your purchasing your equipment and on a more positive note; it had a lot of advice for intermediate potters and potters of all skill levels.I give it five stars for being so informative and visual.2 of 2 people found the following review helpful. A highly recommended bookBy ChristelA miraculous introduction to the secrets of the pottery with nice photos.This book is very recommendable for people who deal with the subject creative pottery.

THE POTTERY BIBLE FOR BEGINNING, INTERMEDIATE, AND ADVANCED POTTERS Pottery for Beginners is a clear, understandable, easy-to-follow guide to making ceramics. Starting off with an introduction to the art and culture of pottery, it captures the beauty of the art and highlights its relevance to your mental wellbeing. It then provides a history lesson on pottery from the Stone Age through to this present time. You will quickly become abreast with the history of pottery. At the heart of this comprehensive guide, you will get extensively detailed instructions on the processes involved in making ceramics, pottery wheels, how to throw a pottery piece, the main types of pottery clay, how to fire your pottery accurately. The tools used in pottery, materials techniques in pottery, the process of selecting a pottery kiln as well as purchasing your pottery wheel on any budget and much more. Here is a preview of what you will further learn in this comprehensive book: How to be a Pottery Artist. Where and How to start working on Ptttr Art. How to throw a pottery piece from the start and the equipment needed. Tips to becoming a better Potter. The Pottery Glazes, Pottery Techniques. The Art of RAKU Pottery explained. The illustrations and language used in this book are simplified so that you can begin making fascinating ceramics even if you have never attempted pottery before. Start your pottery journey now, read this book, unlock your creativity, and start creating beautiful objects you would never have imagined you could create.An essential Pottery Book with Special Images for new enthusiastic potters or amateurs Potters and people who want to learn about the Pottery Art. If you Love Pottery Art or you are a new or Intermediate Potter this book is for you!!!!
