**From Brand: Kalmbach Publishing Company : Practical Guide to HO Model Railroading** before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Guide to HO Model Railroading:

8 of 8 people found the following review helpful. All Aboard: The Practical Guide to HO Model Railroading (Model Railroad Handbook ; No. 21)By CustomerVery informative book, covering a lot of material of interest to the begining HO Model Railroader. Covering many of the same topics as other books on basic model railroading but each area seems to be covered with more clarity than many of the books I have read. I shall keep this one for my library and recommend it to anyone who is starting out in model railroading.Buddy L.4 of 4 people found the following review helpful. Nice Model Railroading BookBy Dan M.All basic aspects are covered. Would be a good starting off point for someone beginning in the hobby. More detailed references can be consulted later.0 of 0 people found the following

review helpful. Great book for the beginner or the pro alikeBy CustomerGreat book for the beginner or the pro alike.  
Always something to learn no matter how long you have been in the hobby.
