The Priscilla Publishing Company : Priscilla Tatting Book #3 c.1924 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Priscilla Tatting Book #3 c.1924:

0 of 0 people found the following review helpful. Beautiful, hard to find patterns By Gayle Beautiful, hard to find patterns. Takes some effort to adapt to old time terminology, but then you're good to go.

32 Pages. This book picks up where the last edition left off. Includes directions for Cluny tatting, knot stitch tatting, tatted beading, lattice stitch tatting, twisted tatting, tatting with braid, plus much more. This edition has a series of wonderful illustrations describing how to hold and use the shuttle. Most of the earlier books rather assume that readers know how to tat. This book starts from the beginning. There are some wonderful patterns included in this collection.
