Barbara Kemp, Margaret Shaw : Punchneedle Embroidery: 40 Folk Art Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Punchneedle Embroidery: 40 Folk Art Designs:

6 of 6 people found the following review helpful. It's all in the detailsBy M WNewer to punch needle, so this makes a nice reference book. Detailed enough that instructions are understandable and easy to follow if you've never punched before. Having some experience, it's also good for additional tips on technique and composition. Includes simple ways to finish pieces, as well as some great patterns with start-to-finish project instructions.17 of 17 people found the following review helpful. Punchneedle embroideryBy loads-o-tomesSome crafts books have fabulous photos, but when you try to duplicate the projects, you discover that you can't because the author used some over-the-top talented artist type to do the pictured project and you don't have the talent or "secret" resources they had access to, so the book basically becomes a coffee table keepsake of fabulous photos. NOT SO WITH THIS WONDERFUL BOOK!!!! The projects are mouthwatering, for those who love primitive and folk art, and the instructions are easy, clear, and simple!! These authors really want to teach you this craft, and they see to it! I love the discounts I can get purchasing through .com, but this book is worth its weight in gold!0 of 0 people found the following review helpful. Good purchaseBy BusqueenBeautiful book with intriguing patterns. Package came about when I expected.

Punchneedle embroidery is back! It still features the same quick and simple technique as before, but now with increasingly appealing designs that result in charming works of miniature art. This beautiful volume explains all the basic techniques, so even beginners will soon be able to create the 40 exquisite folk-style projects. In addition to frameable pieces and wearable accents that showcase timeless motifs from flowers and crows to primitive stars, this gorgeous collection, now available in paperback, offers an inspiring gallery of the authors works.
