**Keith A. Smith : Quick Leather Bindings: Non-Adhesive Binding** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Leather Bindings: Non-Adhesive Binding:

0 of 0 people found the following review helpful. Five StarsBy kikmy favorite book binder. i have his other books for good reason. easy to follow instructions with great results4 of 4 people found the following review helpful. Great reference for both beginners and pros.By Therese P. DignardWell written with many diagrams and photos. Another great source book/reference for those of us who love making our own artist sketchbooks. Instructions are clear on stitch work and finishing. Easily accessible knowledge for both those new to making journals and to those well versed

in this method. Good investment for your reference library.3 of 3 people found the following review helpful. good illustrations. Challenging for a beginnerBy janchristine123Admittedly I am not going to use the adhesive tape he recommends, but all the bindings convert into glued bindings. As usual with Keith's books, clear instructions, good illustrations. Challenging for a beginner, interesting for someone who has gone through his other books.

Book by Smith, Keith A.
