Melissa Armstrong, Ava Lynne Green, Jennifer Cirka, Barb Mastre Stanford, Anastasia Popova : Quick Simple Crochet Hats: 8 Designs from Up-and-Coming Designers! before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Simple Crochet Hats: 8 Designs from Up-and-Coming Designers!:

11 of 12 people found the following review helpful. An Engaging Book, even for patternsBy Nancy LindquistA hat is a hat and a crocheted hat is just that. So, you would think I could have enough patterns free on the internet to stoke my idea fires, make hats from, etc. Not true, and not close. You cannot have too many patterns, nor too much yarn. This book has eight designs, but from those you can go wild with ideas, colors, even different thread gauges, if you know the math. There are no rudimentary instructions in the thing, thank goodness. I always laugh when I get a difficult

book of patterns in knitting, or crochet and they show you basic stitches. I have plenty of crochet books that use basic stitches, but it's all far more difficult and you must pay close attention to detail. The instructions are easy to read, understandable and have merely one flaw. I wish all crochet and knitting books would place stitch patterns in them for me to follow. AS a dyslexic, stitch patterns are far easier to read and follow. The Faire Isle hat does have a color grid. The most important thing is that I've made three of the hats so far and every single one of them has turned out like the photo. I won't pick a favorite, because there are things to love in all the hats, and because I have patterns from them all from Ravelry, I believe. I find them approachable and my thirteen year old has borrowed the book and is almost finished with his hat. I really love this book and am very glad I purchased it. 0 of 0 people found the following review helpful. Perhaps fabric artists like having a secret language. By teacher I don't know why knitting and crochet abbreviations still exist in the age of computers. Perhaps fabric artists like having a secret language, or maybe begun by prohibitionists so you couldn't crochet with a glass of wine. But the patterns make the picture once you translate the abbreviations. The hat made quickly. 0 of 0 people found the following review helpful. Five Stars By N. Guerrero Arrived in expected condition

Learn to stitch your own caps, cloches and more with Quick and Simple Crochet Hats! Look inside to find: 8 unique patterns from independent crochet designers. Simple technique guides for creating eye-catching stitches. Beautifully wearable projects perfect for any skill level!
