Five StarsBy Crystal B.Item as described.1 of 1 people found the following review helpful. Cute ProjectsBy Angela R. GreenThere are a few cute projects in this book. They are very easy to make and is a great way to add that special touch to a gift last minute. However, many of them don't seem to fit well as cards.

This is a bumper store of 120 cards and tags to stitch for any occasion, from welcoming a new baby to celebrating a silver wedding anniversary. An inspirational mix of styles ensures designs to suit everyone, from traditional and cute to humorous and quirky. Each of the 40 occasions offers a choice of three designs - choose from quick, quicker or quickest, depending on the time you have available. Every design features concise, easy-to-follow instructions, and a quick-start section at the front of the book will make your cards even speedier.
