Jean Woolston-Hamey : Quilling Beauties of the Bush before purchasing it in order to gage whether or not it would be worth my time, and all praised Quilling Beauties of the Bush:

You will find water reeds, fluffy wattle, the freshwater mangrove with its surprising crimson flowers, lemon flowering gum, tallow-wood and flannel flowers, eight different butterflies, dragonflies, ladybirds and a variety of other colourful creatures, all illustrated in colour with detailed instructions and diagrams.

About the Author Jean Woolston-Hamey lives in Australia. She has taught quilling and is author of Quilling Australian

Native Wild Flowers and Quilling Beauties of the book, both published by Kangaroo Press and distributed by Search Press.
