By JAILinda does a wonderful job of giving details in her written descriptions as well as providing visual guides for her quilting projects. All of her books are full of helpful hints along with quick access reference charts. Quilt Matchup: Stash Vs. Cash is a fantastic way to make a quilt with your scraps of material (you know all those little pieces that we can't bear to get rid of). My biggest problem will be choosing the project.

Whether you are a beginner or seasoned quilter, Linda's books are definitely a must have for your quilting library!

Tackle your stash with Linda J. Hahn's beautiful quilt designs. With two options for each quilt, one with purchased yardage and one using what's in the quilter's stash, a wide range of creative quilt options are available. Linda demonstrates how to break down the components of the block to use with the Stash version. Features a complete walk through on the process of cutting and sorting the stash/scrap. Linda shows several ways to make a component (i.e. Half Square Triangles) to work with different size pieces.
