I would have liked to have been able to have a "quick look" at the designs as it was not what I was looking for. Will keep the book and incorporate some of the ideas into my projects. 1 of 1 people found the following review helpful. Really Jazzy Pots. By Wang Chen Chen I love it, so it was a surprise, because I live in Brazil and I received the purchase just one week! It helped me so much to create my decorated pots. 1 of 1 people found the following review helpful. "how to" book on painting pots. By Jean This is an excellent book on how to paint on terra cotta pots. Great to relax and paint....then give it to someone you want to share your masterpiece with. I purchased this book from . quick delivery

With just a little embellishing, those oh-so-ordinary red clay pots available everywhere can become some of the most imaginative containers you've ever seen. Plus, they're cheap to buy, come in all sizes, and can enhance any space, indoors or out. No need to use them just for plants, either! Among the 42 projects are garden ornaments and patio

accessories, tool caddies, lamp bases, wind chimes, umbrella stands, kitchen canister sets, bath towel holderseven
baking pans (complete with recipes). A colorful gallery showcases the work of six talented designers, with easy-to-
follow patterns and assembly diagram instructions. The techniques include painting, decoupage, stamping, and
stenciling, as well as more advanced methods such as crackling, antiquing, and distressing.
