0 of 0 people found the following review helpful. NOT ALL THEREBy TechefThis is a fraction of another book that should have represented itself as what it was and rewritten the table of contents that listed Ginger Beer on page 80 of a 26 page pamphlet.

This book will prove of great interest to the cook interested in the skills of yesteryear. Recipes include the Pineapple Cardinal, Oxford Punch and Persian Sherbert. This book contains classic material dating back to the 1900s and before. The content has been carefully selected for its interest and relevance to a modern audience.
